

# calculating area and perimeter

Calculate the area of each shape.

Use multiplication to find the areas of these allotments.

Remember, area is written in  $\text{cm}^2$  or  $\text{m}^2$ .

**THINK**

Can you work out the perimeter of the first rectangle on the page?

I am confident with calculating the area of rectangles and 'L' shapes by adding or multiplying.

Calculate the area of each shape.

Use multiplication to find the areas of these allotments.

Multiply the lengths to find the area.

**THINK** Use  $\text{cm}^2$  paper. How many rectangles can you draw with an area of  $24 \text{ cm}^2$ ?

I am confident with calculating the area of rectangles and 'L' shapes by adding or multiplying.
