

## PE & Sports Premium Statement

September 2023

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport offered.

The Government has provided Stawley Primary School with ring fenced funding of £16,526 to improve the quality and provision of PE & Sport Provision in the 2022-23 financial year. This has recently been supplemented by additional funds from tax levies which are targeted at tackling childhood obesity and improving the health of pupils through physical activity.

The school may spend the PE Premium as it sees fit but is held accountable for how it has been used within the prescribed guidelines. The school is required to publish online information about how the PE & Sports Premium is being spent.

It is expected that schools will see an improvement against the following 5 key indicators:-

- The engagement of all pupils in regular physical activity – kick- starting healthy active lifestyle
- The profile of PE and sport being raised across the school as a tool for whole school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

All children at Stawley Primary School undertake a minimum of 2 hours of PE/Swimming each week. Class 1 has 45 minutes of games/gym/dance, 45 minutes of physical exercise and 30 minutes of activity spread through curricular lessons throughout the week such as active maths. Classes 2 & 3 have 30 minutes of swimming, 45 minutes of dance, gym/games and 45 minutes of aerobic/outdoor activity spread throughout the week in curriculum time.

The school offers a range of after school sports clubs operated by staff members which have included Tag Rugby, Kwik Cricket, Netball, Rounders and Football depending on the season. A large proportion of the children participate in these clubs.

Children in Year 6 operate a weekly lunchtime club to lead activities, games and sports for the younger children.

Stawley Primary School prides itself on the broad range of sports activities in which it is now participating taking part in many competitive sports fixtures with every child in the school taking part in at least one SASP sports festival.

The PE premium has enabled the school to expand its sporting activities, invest in new sports equipment and ensure every child has access to a wide range of sporting activities. New sporting activities this year have included an all-day Archery workshop for the whole school and an African dance workshop including a dance performance for parents at the end of the day.

We are confident that all of our Year 6 children can swim competently, confidently and proficiently over a distance of 25 metres, use a range of strokes effectively and perform safe self-rescue in different water based situations.

Future plans include work on the school activity trim trail which is utilised by the children during their morning and lunchtime breaks helping them to stay active.

#### PE & SPORT PREMIUM FUNDING

APRIL 2022-April 2023 FUNDING RECEIVED

£31,690.00 including Carry Forwards from previous year.
